## SKILLS

Programming, HTML, CSS, JavaScript, React.js, Redux, Express, Full-Stack Development, Java, Spring boot, DBMS, MySQL, MongoDB, Jenkins, Docker

## EXPERIENCE

Associate Software Engineer (Full Stack Developer)

Sept 2021 - Present

Prolifics

- Developed and maintained user-friendly front-end interfaces using ReactJS, HTML, CSS, and JavaScript, resulting in a 30% improvement in User experience over the last 2.5 years.
- Implemented robust security measures on the client side, including secure data transmission and user authentication, ensuring compliance with industry standards and reducing potential security threats by 60%.
- Enhanced application performance by 30% through code optimization, responsive design practices, and efficient state management in ReactJS.
- Conducted unit testing using relevant tools like Jest and React Testing Library, identifying and rectifying areas for improvement in the front-end codebase.
- Worked with Spring Boot and Java to develop server-side logic and APIs, contributing to the overall architecture and functionality of the application.
- Actively participated in design discussions, providing valuable insights into creating scalable and maintainable end-to-end application architectures.
- Managed and versioned code effectively using Git, ensuring a streamlined and collaborative development process.

## PROJECTS

### Employee Management System:

Transformed concepts into reality by spearheading the development of the front-end for an employee management system, enhancing attendance tracking and resource management. Result: Improved employee efficiency by 20%.

### Business Analytics Tool:

Led the front-end development for an internal analytics project, tailoring the UI to meet specific business requirements and visualize data insights. Result: Increased data processing speed by 30%.

### Testing Automation Tool:

Contributed significantly to the front-end of a testing automation and deployment tool, seamlessly integrating Java Spring Boot for backend efficiency. Result: Reduced testing time by 25%.

## CERTIFICATIONS

Microsoft Certified: Azure Developer Certified

## ACHIEVEMENTS

Received the Top Performer Award from Prolifics.

## EDUCATION

### Punjabi University, Patiala 2020

B.Tech. 7.52 CGPA
